

ART CLAYTM SILVER **Basic Instruction Guide**

Ginkgo Leaf Chopstick Rest

<Material>

Art Clay Silver 650 Clay Type 10g	1 pc
-----------------------------------	------

Complete piece

<Step by Step>

1) Draw an outline on some cooking sheet.

2) Roll out 10g of clay into a 15cm-long rope.

3) Place the rope on the outline, and make the Ginkgo leaf shape.

4) Moisten the join area, and attach firmly by blending the clay and water with your fingers. Support with straws to make it curve upward and dry.

5) Smooth the entire shape, and sand the stem obliquely with a medium fine file.

6) Smooth the shape with a red sponge sanding pad (#320-600) and fire.

7) Polish the entire piece with a stainless steel brush, and make a mirror finish with the sponge sanding pad or a burnisher. Finally, polish using a polishing cloth with some silver polish, and finish.
