

ART CLAY™ SILVER Basic Instruction Guide

Tear Drop Pendant

<Material>

Art Clay Silver 650 Clay Type 5g	1pc
Art Clay Silver 650 Paste Type	A small amount
ACS Exclusive Silver Bezel with 6 prongs (4mmφ round)	1pc
Cable (SV925 Chain) 40cm(0.35φ)	1pc
Synthetic Gemstones/Round 4φ/White Zircon	1pc

Completed piece

<Step by Step Guide>

1) Set the synthetic stone into the bezel with some flat pliers. (For beginners: It is easier to set a stone before embedding the bezel into clay.)

2) Roll out 5g of clay into a tear drop shape (one end is thin rope). Roll out the thin rope 2-2.5cm long.

3) Wrap the rope around a straw and blend the clay with some water on your fingers to attach firmly.

4) Put some Paste Type on the screw of the bezel, and insert it into the clay. Remove any extra Paste Type with a moistened brush and dry. (Insert the bezel foot carefully so as not to attach any clay on the bezel)

5) Remove the straw, trim any burrs with a medium fine file, then smooth the entire piece with a red sponge sanding pad (#320-600) and fire.

6) Polish the entire piece with a stainless steel brush, a red, blue and green sponge sanding pad, and a polishing cloth in order. Polish any detail areas near the bezel gently with a burnisher. Finally, polish using a polishing cloth with some silver polish to make a mirror finish, attach a chain and finish.
