

ART CLAY™ SILVER Basic Instruction Guide

Ribbon Pendant

The small ribbon design is a popular motif. Make a classic impression by attaching the garnet stone (or another stone) onto the bezel.

Completed piece

<Material>

A-054	Art Clay Silver 650/1200 Clay Type 5g	1pc
K-006	Flat screw eye (small)	2pcs
K-037	Round jump ring (extra small)	2pcs
-	Synthetic stone round cut $\phi 3$ (example in image is garnet)	1pc
K-028	Silver Bezel $\phi 3$ for round cut	1pc
C-011	Cable chain 42cm	1pc

<Step by Step Guide>

1) Make a ribbon design pattern.

2) Roll out the clay 1.5mm thick.

3) Place the pattern onto the clay and cut.

4) Put some Paste Type under the collet of the bezel, and embed the bezel in the center. Smooth any extra Paste Type with a moistened brush.

5) Moisten the surface with a brush, put some Paste Type on both ends, and fold both ends inwards to make a ribbon shape.

6) Cut off 1/3 of the flat screw eyes (small), and put some Paste Type on the tip.

7) Insert the flat screw eyes on both ends, remove any extra Paste Type with a moistened brush, and dry.

8) Smooth the surface with a medium fine file and a red sponge sanding pad (#320-600) and fire.

9) Polish the entire piece with a stainless steel brush and make a mirror finish with some sponge sanding pads or a burnisher.

10) Attach the stone into the bezel, chain etc. and finish.
